Chinese Foreign Minister's Broadcast Speech On Japan's Policy To Menopolise Asia

Japanese policy and the future of foreign interests in China formed the subject of a most interesting broadcast address which was delivered over the Chungking Radio Station (XGOY) to Europe on Thursday last, June 29, by Dr. Wang Chung-hui, China's Minister for Foreign Affairs.

In the course of his address, Dr. Wang warned all foreign powers, and Britain in particular, of the danger which confronts them if Japanese aggression and expansion is unchecked by co-ordinated action.

with the vital issue of whether to maintain or abandon their treaty rights in this part of the world," he declared. "In my opinion, to come to a compromise offers no last soluition, as it is the fixed policy and preserve Asia exclusively for herself."

CENTURY OF FARMING PROGRESS

ROYAL AGRICULTURAL SOCIETY SHOW OPENS IN WINDSOR GREAT PARK

Livestock Final Entries Total Over Four Thousand

LONDON, July 4 (BWS)—The centenary show of the Royal Agricultural Society, which opens to-day in Windsor Great Park, is the largest agricultural show ever held and is likely to break all previous records in many directions. Covering 120 acres on which 4,000 tons of timber have been used for stands and sheds it illustrates a century of farming progress.

Final entries of livestock total 4,548 compared with 4,014 in the Windsor show of 1889 and 2,958 at Cardiff last year.

Among them are 32 animals entered by the King from the Royal farms at Windsor, Sandringham and Stoke Climsland, Cornwall. There is also an entry from Buckingham Palace, a 17year-old Cleveland bay mare, named Woodlands.

FURTHER WATER RESTRICTIONS

SHIPS HAD

The restrictions introduced on July 1 have not had the effect of reducing consumption sufficiently to ease the strain on the filters, according to a statement issued by the Water Works Office. This is attributed to the fact that the weather of the last few days has been sunny and has caused a higher rate of consumption during the reduced hours.

It is not possible to maintain the present hours of supply and, commencing at 10 o'c.ock to-night the water will be shut off in all districts from 10 p.m. to 5 a.m. daily until further notice.

Only 24 Hours In Which To Escape Instead Of 48

LONDON, JULY 4 (REUTER)—HAD THE RESCUE SHIPS BEEN IN THE VICINITY WITHIN A FEW HOURS, THERE IS NO DOUBT THAT THE MEN ABOARD THE THETIS WOULD HAVE ESCAPED DURING THE NIGHT OF THE DISASTER.

This conviction was expressed by Captain H. P. K. Oram when giving evidence on resumption of the public inquiry into the loss of the submarine Thetis in Liverpool Bay on June 2, with a loss of 99 lives. Sir Donald Somervell, K.C., the Attorney-General, is representing the Admiralty at the hearings.

Capt. Oram, who was one of the four survivors, said that the marker buoy sent up by the Thetis after she had struck the bottom ought to have been seen by the accompanying tug. Furthermore, it was always a matter for immediate attention if a submarine did not send her surfacing signal within the specified period.

REPORT FOR 1938-39

The report of the Association for 1938-39 opens with the statement that the past year has been most successful. The accounts show a net profit of \$7,448.70 as against a deficit of \$96.90 for the last year This happy state of affairs is due to good receipts in all representative matches under the jurisdiction of the Association. On the other hand, expenses were reduced as low as possible in regard to the running of the various competitions and the work of the Association generally.

The Association through the good offices Messrs. Percy Smith, Seth and Fleming, the Treasurers, to acquire the present spacious office at a fair rental. A portion of these premises has been recently been sublet. The total number of Clubs in membership is 30, including 6 new affiliations.

In April last, a return visit was made to Manila, but Hongkong was not so fortunate on this occasion, losing the interport match as well as one of the other games.

For the past two seasons the players participating in the Interport Match with Macao were selected from the Junior Division and at the specific request of the Macao Association, a team consisting of senior players was selected this year and visited Macao on the April 16, resulting in a win for Hongkong by two goals to nil.

WIMBLEDON, July 4 (Reuter)—The weather kept fine and sunny and there was a slight breeze at Wimbledon yesterday when the Tennis Championships were continued.

There was an early surprise in the Men's Singles, Henkel (Germany) eliminating Kukuljevic (Yugoslavia) with surprising ease in three straight sets 6-1, 6-3, 6-2, but the biggest disappointment to British players was Austin's defeat by Elwood Cooke (U.S.) also in three straight sets 6-3, 6-0, 6-1.

Austin's Poor Form

Cooke's win over Austin was also surprisingly easy. Austin showed that he was only a shadow of his former self, although he gave occasional flashes notably with passing shots. But elimination of Miss Peggy Scriven generally his timing was poor. Martin Another surprisingly easy win powerful driving. was obtained by Puncec (Yugo-

BLAZING AIRMAN HOOKED FROM HIS PLANE

Two farmers rescued a blazing man from a wrecked R. A. F. plane on May 18 by hooking a branch of a tree into his clothing and dragging him clear. A second occupant of the p'ane was burned to death.

The 'plane crashed in a park close to the road in the village of Penton Mewsey, Hants. The branch which saved the man had been torn from the tree when the Dennis Jacobs he cried over and

WHY DID YOU BUY THOSE SHOES?

To wear on your feet, of course. But the protection of the feet is only one of the uses to which shoes are put in various parts of the globe.

You throw a shoe at a weddingand unwittingly play a part in a tradition as old as the human race

That shoes bear with them the mysterious life force of their past owners, and will therefore make the marriage 2 happy and lucky one.

In Hamburg, in the thirteenth century, every bridegroom was compelled by law to make his wife shoes. In Transylvania to-day this custom still persists; and in Greece the best man still puts a new pair or boots on the feet of the bride.

The Russian bride used to symbolise her wifely duty by taking off her husband's boots and then hit him on the head with one of them to prove her equality.

Educator Describes Work In International Broadcast

Special Correspondent from Chungking

"In the work of bringing relief to sick and wounded soldiers, the women of China are doing their part in a noble and important way," declared Dr. Y. Y. Tsu, in a speech on China's War Medical Service and Overseas Contributions, specially broadcast from Chungking to Europe and America on Saturday, June 30.

Dr. Tsu, a well-known educator and sociologist, has, during the past year, been engaged as a volunteer in relief work in the interior of China.

WATER RESTRICTIONS

[To the Editor, The "Hengkong Daily Press "]

Sir,—May I, as a taxpaying resident of this Colony, inquire through the medium of your columns what the water authorities think they are playing at? Is this a game of "Now you see it, now you don't?" Just because the authorities concerned have not had the foresight to make provision for sufficient storage of water in Hongkong, I am expected, in these sweltering days of summer heat to go without my nightly bath which helps me to wash off the grime that one accumulates on one's body from unwashed and dusty streets.

It was only two months ago that we were told that Hongkong's rainfall had exceeded all expectawater in the blinking reservoirs to drown the whole lot of us in one big tidal wave! And now, suddenly, when there has been no very apparent increase in the Colony's population, we are again told that restriction must be applied again

What is the real official explanation for this sorry state of affairs? I have lived in many British Coionies, and in several foreign countries as well, but never before have I experienced such annoyarices" and inconveniences as the authorities in Hongkong seem so fond of imposing on tax-payers. Capt. Oram Pays Tribute To Gallant Behaviour

Captain Oram, who was one of those who escaped. from the ill-fated submarine Thetis, added dramatic details to the picture drawn by the Attorney-General, Sir Donald Somervell, K.C., who opened the public inquiry into the disaster on Monday.

With a tremor of emotion in his voice, Captain Oram paid a tribute to the gallant behaviour of all the men on board the Thetis at the time of the accident. "They showed a bravery the memory of which will live with me for ever," he declared.

The situation was then getting acute and many of the men were distressed and Capt. Oram volunteered to go to the surface with salvage instructions strapped to his arm, that if he did not survive, the message might be found.

There was a call for volunteers and Capt. Oram chose Lieut. Woods on account of the latter's expert knowledge of submarines. These two men laboured their way through the submarine and one got an indication of the conditions by the fact that it was fifteen minutes before they had enough breath to enter the escape chamber.

"They Did Not Escape" It was just after they had entered the escape chamber that depth charges were heard, indicating that the submarine had been located. Capt. Oram and Lieut. Woods reached the surface and were picked up by the destroyer Brazen and subsequently four men were put in the escape chamber.

It was not know what had happened, but they did not escape. Three of them were found dead when the door was opened and the one man who was alive was too exhausted to - explain the circumstances. Then two more men entered the

TOKYO'S TIENTSIN TALKS

JAPANESE ARMY'S ATTITUDE

TOKYO. July 4." (Transocean)-The attitude of the Japanese Army towards the forthcoming Anglo-Japanese discussions was defined by the Japanese War Ministry yester-

The Japanese Army, it was declared, demanded first of all that Britain should consent to a discontinuation of all support to the Chiang Kai-Shek regime; negotiations would be meaningless. Britain should adapt her policy to the new situation in the Far East and should show understanding of the Japanese attitude in Tientsin.

The War Ministry spokesman emphasised further that from the very beginning of the Tientsin blockade, the measures of local Japanese military authorities had met with the fullest approval and support of the high command at Tokyo.

The market opened with prices unchanged for all deliveries as compared with Saturday's closing quotations.

Quiet conditions prevailed throughout the day due to the fact that the Rubber Exchanges in London and New York were closed on Saturday last as customary during the summer months.

Whilst there was a fair demand for "actuals," dealers and speculators preferred to maintain side-line positions, awaiting further developments before entering into fresh commitments.

Other than the European political uncertainty, there is little change in the statistical position underlying the favourable long term price-outlook Consumption in U.S.A. for the third quarter is variously estimated as from 110,000 to 120,000 tons which, if materialized, would be regarded satisfactory in view of seasonal influences. Furthermore low inventories held by American manufacturers coupled with anticipations of fair business improvement during autumn seem to justify the belief held in Rubber-circles that a policy of conservative accumulation should be followed.

Initial prices were slightly marked down to-day and the market presented an easy appearance. The undertone, however, was better. Later, the market improved and prices moved up with good speculative buying and "bear" covering. The advance was further sustained by trade and foreign buying, with the firmest undertone prevailing at the close,

NEW YORK BUBBER

The market was very quiet and dull, reflecting the impending holiday. Trading was inegligible and resulted in a lower adjustment of prices.

CHICAGO WHEAT

The market was again depressed by hedge-selling and prices were considerably marked down. Weather considerations continued to be the dominating factor in the market.
